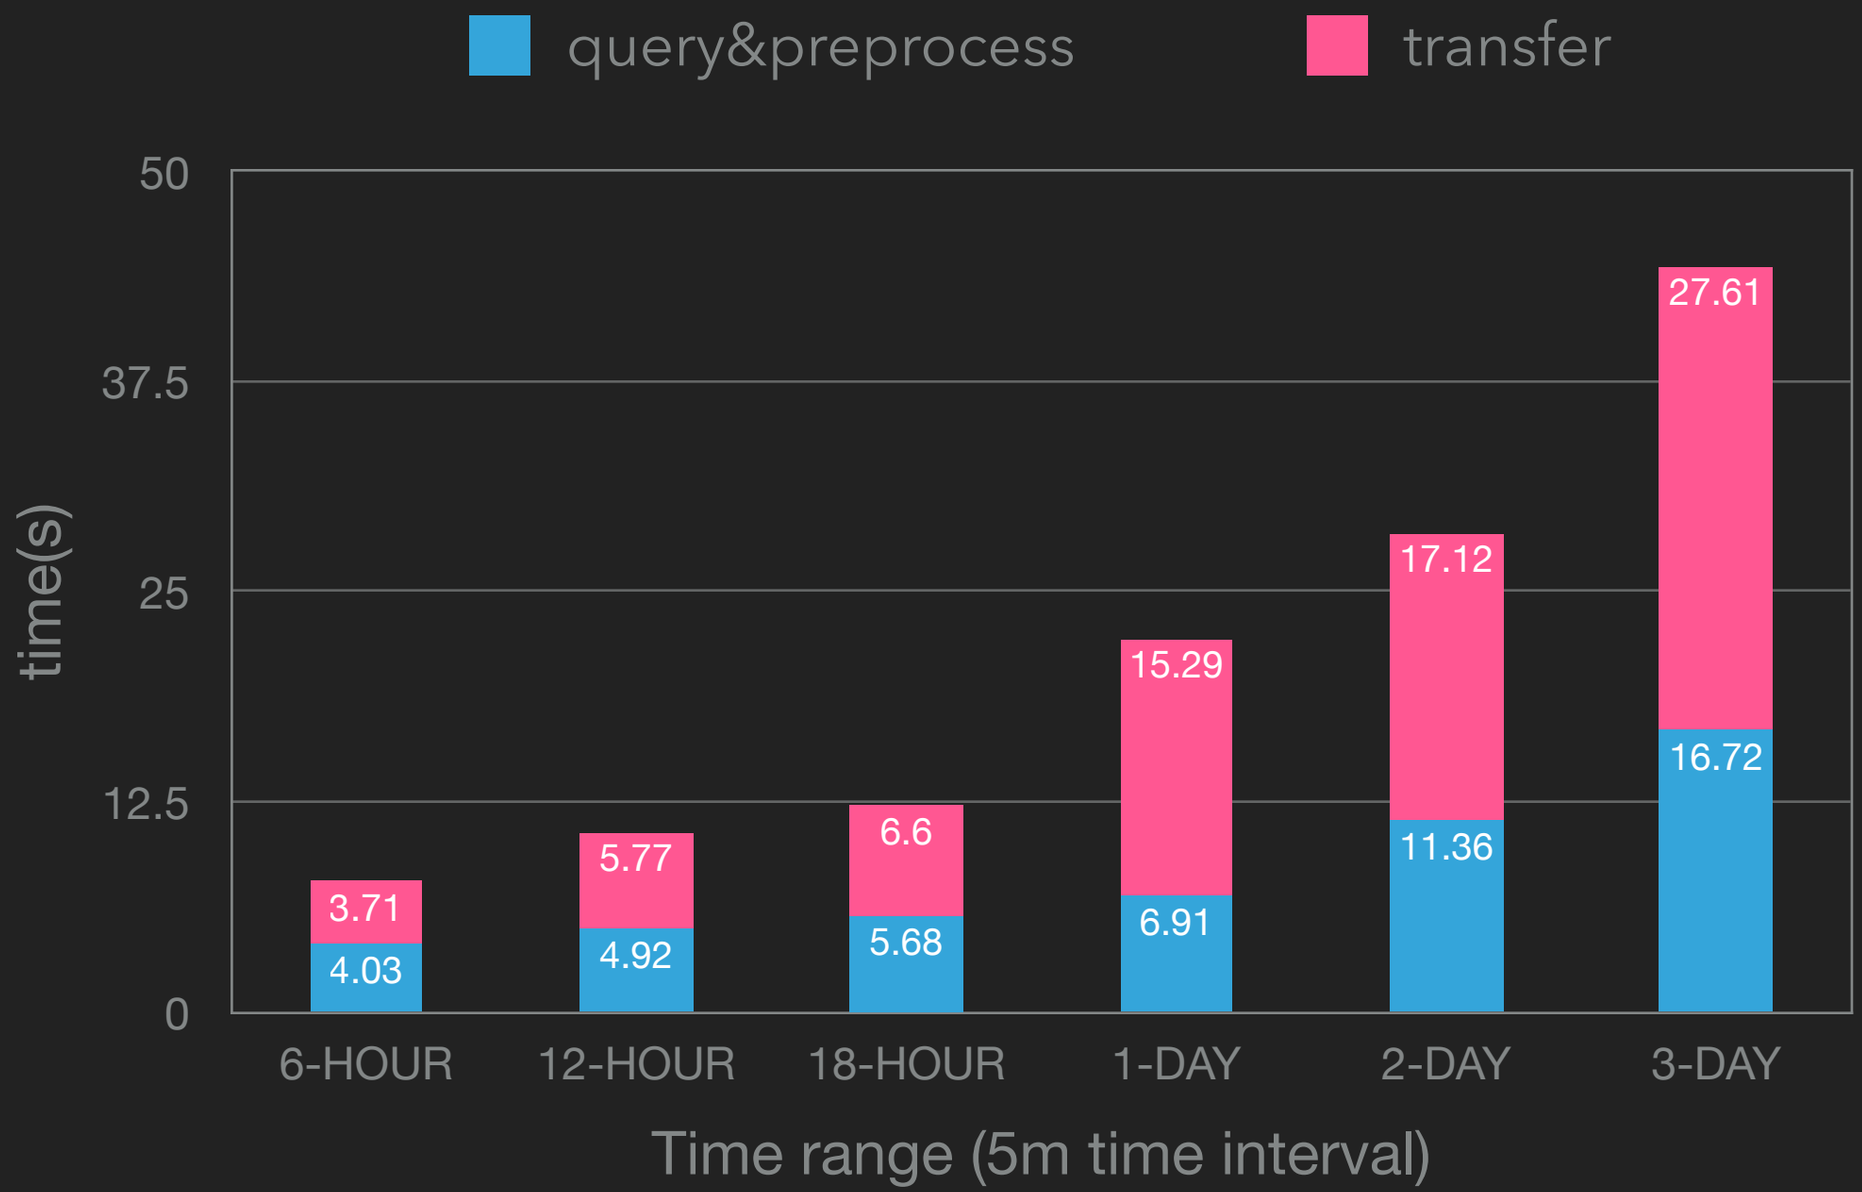
# PERFORMANCE

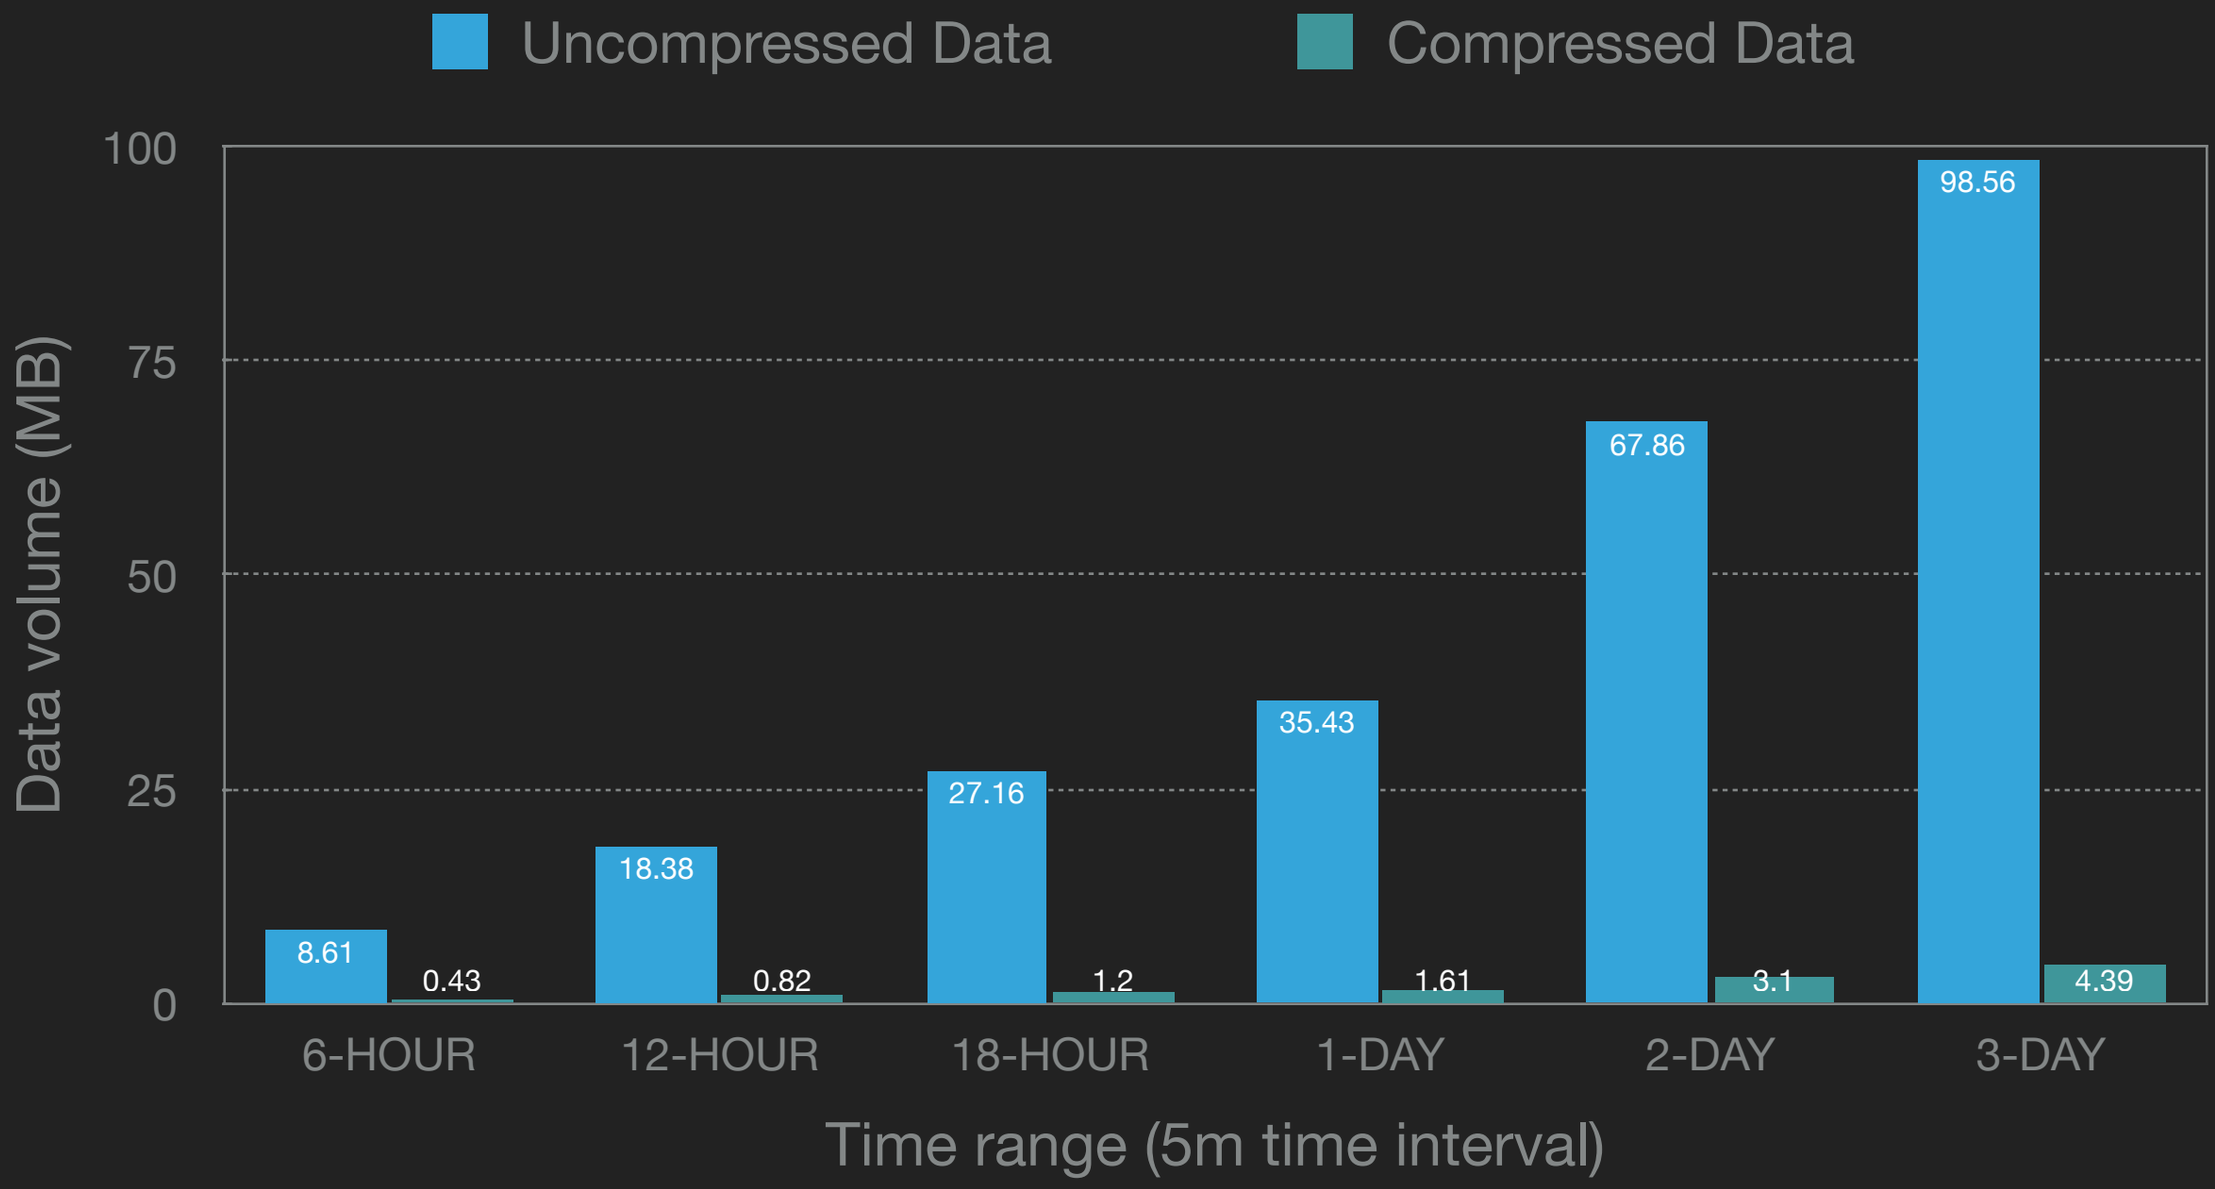
## Data without compression



Transfer time is as much as 1.65x of query & preprocess time

Use zlib library for data compression

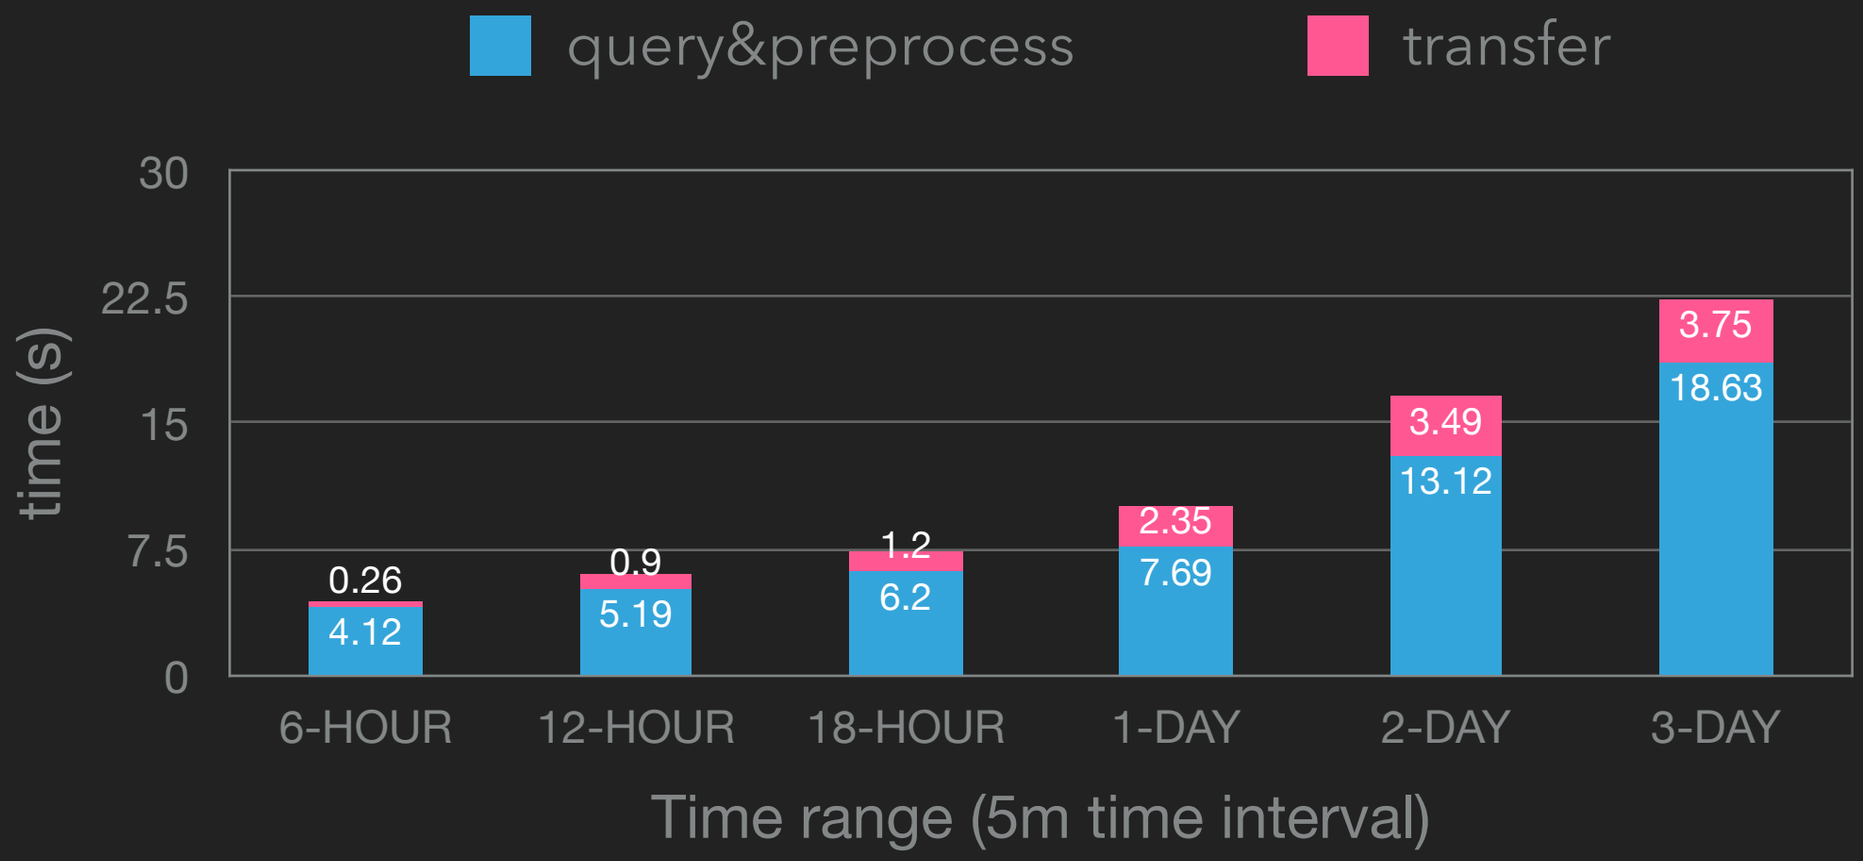
# PERFORMANCE



Compressed data volume is only 4.45%~5.0% of uncompressed data

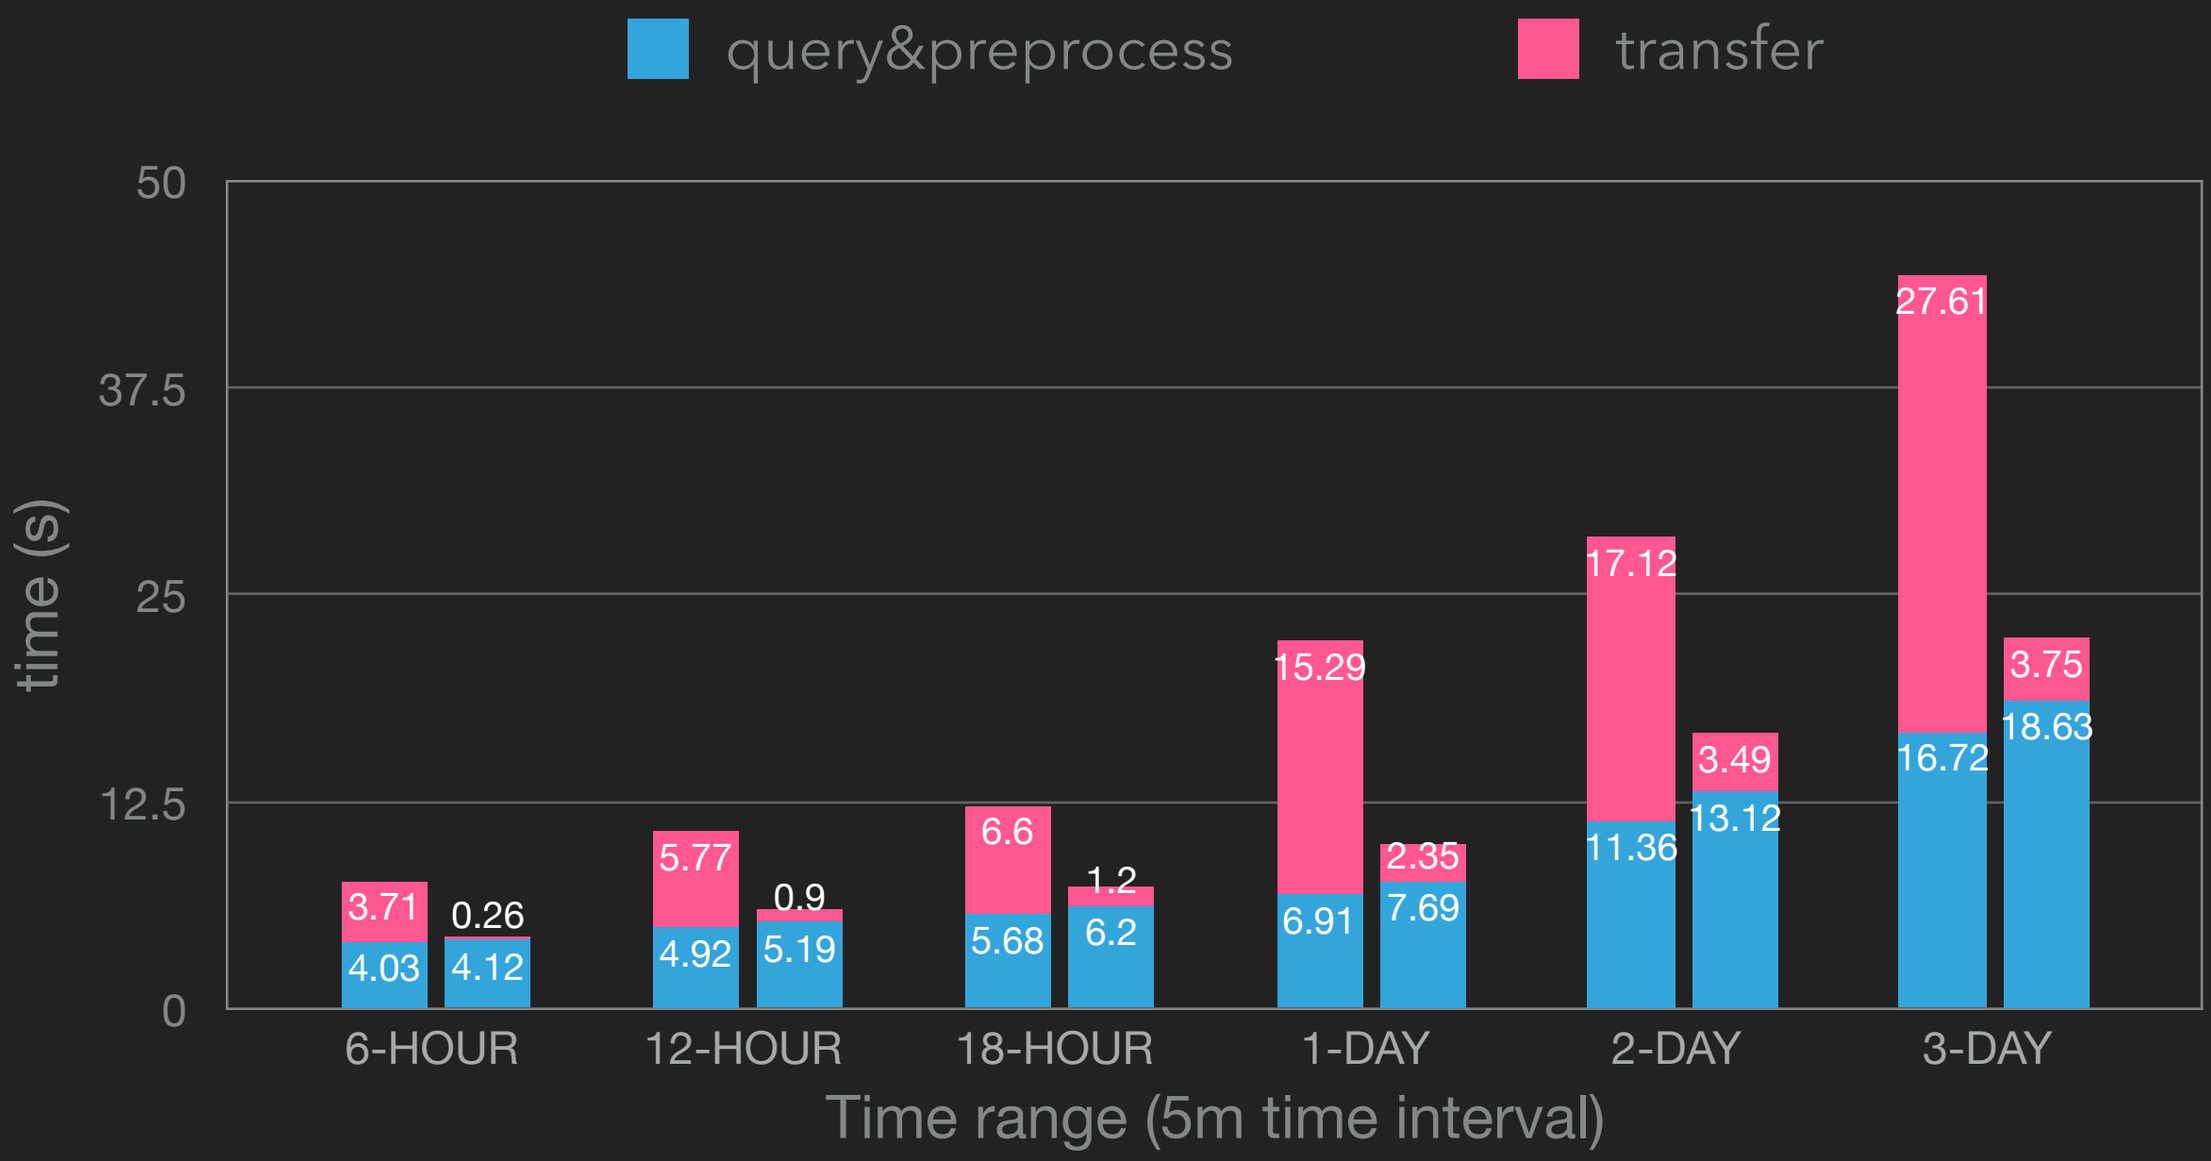
# PERFORMANCE

## Data with compression



Transfer time is as much as 22% of query & preprocess time

# PERFORMANCE



Using compressed data is 1.8x~2.16x faster than using uncompressed data
